

NOTRE DAME HIGH SCHOOL

7085 Brockton Ave., Riverside, CA 92506

Job Title: High School Catholic Science Teacher

Location: Notre Dame High School

Job Summary:

The Science Teacher will be responsible for educating students in various scientific disciplines, including biology, chemistry, physics, and environmental science. This position requires a knowledgeable and enthusiastic individual who can convey complex scientific concepts in an accessible and engaging manner, integrating faith with reason.

Key Responsibilities:

- Curriculum Development and Instruction: Develop and teach a comprehensive science curriculum that encourages scientific inquiry and experimentation.
- Student Engagement: Manage laboratory and classroom activities that foster a safe and dynamic learning environment.
- Assessment and Evaluation: Evaluate student performance through practical and theoretical assessments.
- Student Support and Advising: Provide extra help with scientific studies, advising on projects, and supporting science-related extracurricular activities.
- Faith Integration: Connect scientific knowledge with Catholic teachings, emphasizing the harmony between scientific understanding and religious belief.
- Professional Responsibilities: Maintain student records, participate in departmental meetings, and engage in continuous professional development.
- Innovation and Improvement: Incorporate new technologies and scientific discoveries into the curriculum to keep it current and engaging.

Requirements:

- Bachelor's or Master's degree in Science or a related field.
- Valid teaching certificate with an endorsement in Science.
- Experience teaching high school science or related field.
- Deep understanding of Catholic values and the ability to integrate these into the classroom.
