

# Bishop Rojas calls for prayers on SoCal Wildfires

Dear Brothers and Sisters in Christ,  
Please join me in prayer for all those impacted by these destructive wildfires and high winds that are taking place in our Southern California region. We pray for the souls of those lost to the fires and we pray for the consolation of their loved ones. Let us offer our support and prayer in a special way to Archbishop Jose Gomez and all the faith communities in Los Angeles that are in harm's way. As these events continue to unfold, may God spare human life and property from the fires and may our faith in Him accompany us through the fear and anxiety that we are feeling.
